

Given the task of following them was Deb & the Dynamics and boy were they up for it. Slinging blues in Florida for the past ten years, this seven piece band swept the stage with a mix of original and covers that flowed from R&B to funk to Memphis horn driven soul and never let up. Featuring the vocals of bassist and band leader Deb Salyers who for four years toured in Deborah Coleman's band is the catalyst of this band which includes Dan Keadly on vocals and guitar, Don Hulgas on tenor and baritone sax, Newt Cole on tenor, alto and baritone sax, Nick Longobardi on drums and Michael Bear on piano. They hit the stage running and never let up much to the enjoyment of the crowd.
